

Puerto Rico Changes and Corrections

NTIA Submission April 1, 2011

Changes:

- AT&T Inc. (Mobile Wireless): Provider supplied a new modified coverage area.
- T-Mobile USA, Inc. (Mobile Wireless): Provider now offers service in Puerto Rico.

Corrections:

- Claro / PRT (DSL): New data set provided for April 2010. Validation process ongoing.
- San Juan Cable Holding, LLC, OneLink Communications (Cable): OneLink has been non-responsive and has not submitted data. Field validation was completed to create estimated service area.
