## Project Indicators (This Quarter)

1. Please describe significant project accomplishments completed during this quarter (600 words or less).

Maintenance-related activities were completed this quarter, with all equipment purchased, leading to successful project closeout. BTOP project staff worked with the accounting department to process invoice paperwork and pay vendors from the grant fund. Project staff and accounting department balanced accounts and reconciled budget numbers in internal accounting database.

The BTOP program officer and the Arizona State Library's Grant's Administrator participated in monthly status teleconferences. Among the issues addressed was the grant close-out process and check-list.

The project manager surveyed participating libraries for final indicators, and compiled the information.

2. Please provide the percent complete for the following key milestones in your project. Write "0" in the Percent Complete column and "N/A" in the Narrative column if your project does not include this activity. If you provided additional milestones in your baseline report, please insert them at the bottom of the table. Figures should be reported cumulatively from award inception to the end of the most recent reporting quarter. Please provide a narrative description if the percent complete is different from the target provided in your baseline plan (300 words or less).

- 4. Please provide actual total numbers to date or typical averages for the following key indicators, as specified in the question. Write "0" in the Total column and "N/A" in the Narrative column if your project does not include this activity. Unless otherwise indicated below, figures should be reported <u>cumulatively</u> from award inception to the end of the most recent reporting quarter. Please provide a narrative explanation if the total is different from the target provided in your baseline plan (300 words or less).

	Indicator	Total	Narrative (describe your reasons for any variance from the baseline plan or any other relevant information)
49	New workstations installed and available to the public	1,112	This number is greater than the baseline figures as the computer costs have dropped, allowing the PCCs to purchase additional machines.
4.b.	Average users per week (NOT cumulative)	40,773	This figure has been adjusted from the last quarterly report because one library reported 10,000 more users than it actually has. It is below the timeline because of changes in library hours and staffing.
4.c.	Number of PCCs with upgraded broadband connectivity	0	N/A
4.d.	Number of PCCs with new broadband wireless connectivity	0	N/A
