Project Indicators (This Quarter)

1. Please describe significant project accomplishments completed during this quarter (600 words or less).

The Central Oregon Community College Crook County Open Campus Public Computer Center is open and operational, as is the mobile Public Computer Center (Crook County Bit Mobile). College classes are being offered on site at the Open Campus building, and off-site via the Bit Mobile. Course offerings include credit classes, community education, and basic computer and internet classes. Open lab time is offered to students and the public.

Beyond the provision of educational classes, computer/internet classes, and open computer lab time, quarterly accomplishments include:

*Curriculums for 12 'server tech' classes now have been developed and were offered during this quarter. 55 individuals participated in one or more of these trainings.

*FY 2013-14 operational budgets were adopted by Crook County and Central Oregon Community College.

*Completed budget revisions and new partnership agreements with County Library, High School and Central Oregon Intergovernmental Council for expanded community computer access points through the creation of satellite public computer labs. The computers at these sites will be owned by the Open Campus/Public Computer Center and will be considered affiliate access points.
