3. Please describe any challenges or issues faced during this past quarter in achieving planned progress against the project milestones listed above. In particular, please identify any areas or issues where technical assistance from the BTOP program may be useful (600 words or less).

We accomplished a lot during the last month of the grant term (July 2013). The only significant challenge was handling an unanticipated proportional cost for retiree insurance to cover BTOP funded employees, sought by the Employee Retirement System of Texas. TSLAC had not budgeted for this cost and had to submit a Budget Modification request toward the very end of the grant term. The request was approved, a final Amendment was issued and this cost is included in our final financial status report.

4. Please provide actual total numbers to date or typical averages for the following key indicators, as specified in the question. Write "0" in the Total column and "N/A" in the Narrative column if your project does not include this activity. Unless otherwise indicated below, figures should be reported <u>cumulatively</u> from award inception to the end of the most recent reporting quarter. Please provide a narrative explanation if the total is different from the target provided in your baseline plan (300 words or less).

	New workstations installed and available to the public	3,018	In addition to this figure, 494 replacement workstations were installed over the course of the grant term.
4.b.	Average users per week (NOT cumulative)	220,163	This figure is the sum of average users for each participating site. Figure submitted on our baseline plan was an average of all of the average users for each participating site.
4.c.	Number of PCCs with upgraded broadband connectivity	71	N/A
