1) High Risk Special Award Condition

Under the Department of Commerce Uniform Administrative Requirements, 15 CFR § 24.12, DeKalb County Government is being designated as a high-risk recipient as specified in the July 12, 2012 letter to DeKalb. The method of payment for this award will be on a reimbursement basis, using the standard "Award Action Request (AAR)--ASAP Drawdown Request". This method must be used as the mechanism to request funding. The request for funding must be on an "as needed" basis. DeKalb may submit a payment request at most monthly, or at least quarterly. This request must be completed and routed through the GrantsOnLine system to the Grants Officer for approval. The high-risk designation will remain in effect through the end of the closeout period.
