Project Indicators (This Quarter)

1. Please describe significant project accomplishments completed during this quarter (600 words or less).

Northern Illinois University and Illinois Fiber Resources Group, NFP successfully completed the NTIA BTOP project constructing 601 new miles of fiber optic cable and 13 wireless links totaling 38 wireless miles, as well as securing 307 leased fiber miles. The infrastructure supporting the network includes 5 core network sites in addition to 28 distribution sites. The 946 mile network spans across a 9-county region in northwest Illinois serving over three dozen rural, unserved and underserved areas. With the completion of the project, 487 Community Anchor Institutions now have access to 21st century, high capacity broadband. Serving those CAIs, are 12 Internet Service Providers, providing a vast array of services.

2. Please provide the percent complete for the following key milestones in your project. Write "0" in the Percent Complete column and "N/ A" in the Narrative column if your project does not include this activity. If you provided additional milestones in your baseline plan, please insert them at the bottom of the table. Unless otherwise indicated in the instructions, figures should be reported cumulatively from award inception to the end of the most recent reporting quarter. Please provide a narrative description if the percent complete is different from the target provided in your baseline plan (300 words or less).
