

Protected Land: Applicants must indicate if any portion of the project is located on tribal lands, meaning lands within the exterior boundaries of any Indian reservation and all dependent Indian communities. Information regarding historic properties located on tribal lands may be obtained from the Tribal Historic Preservation Officer (THPO) or the tribe's official representative for historic preservation. If provided, applicants should provide any information gathered about historic properties on tribal lands, including any correspondence with an Indian tribe.

-  Freshwater Emergent Wetland
-  Freshwater Forested/Shrub Wetland

National Wetland Inventory mapped wetlands.

BTOP Comprehensive Community Infrastructure Service Area Template

Please complete the complete the CCI Service Area worksheet. In each line you will provide name of a service area and one of the contiguous Census tracts or block groups that make u service area. Please provide full 11-digit Census tract numbers, includes the 2-digit State FIF the 3-digit county code, followed by a unique 6-digit tract number. For Census block group: please provide the full tract number, plus the 1-digit block group number (12 digits total). If more than one Census tract or block group in a service area, there will be multiple lines in th for that service area. It is critical that the service area names provided in this table match w service area names provided in the Service Area Details page of the application. Please revie document and Service Area Details page for consistency before submitting your application.

Important Note: Excel truncates leading zeros from numbers. Consequently, the tract/block column on the worksheet has been formatted as text. This formatting should not be altered validity of your data may be compromised.

The data provided via this attachment will be subject to automated processing. Applicants a therefore required to provide this attachment as an Excel file, and not to convert it to a PDF submitting a copy of your application on an appropriate electronic medium, such as a DVD, (ROM, or flash drive. Additionally, Applicants should not modify the format of this file (*e.g.*, l adding or removing worksheets). Do not leave blank lines in the table between service area

RE: Letter of Commitment for Oklahoma Community Anchor Network (OCAN)

Dear Mr. Fleckinger:

Southeastern Oklahoma State University wishes to express its commitment as an Anchor Institution in Oklahoma's proposal to develop a broadband middle mile fiber route throughout the state. We understand the state will apply for a Broadband Technology Opportunities Program ARRA grant to help fund this project and we enthusiastically offer support to this grant application and commit facilities to house key network components vital to the OCAN infrastructure.

Once implemented, Southeastern Oklahoma State University will benefit greatly from the direct fiber connection. Specifically, it will substantially upgrade our connectivity and provide more reliability that will enable us to better serve our students in a more efficient and effective manner.

In addition to enhancing our teaching and learning mission, we anticipate this broadband middle mile route will provide the essential framework that can promote economic development in our area. Through open access to the funded infrastructure, key fiber assets can be made available to local telecommunications companies who can then provide the much-needed last mile component to our rural citizens and businesses.

Recognizing the long-term benefits both to Southeastern Oklahoma State University and the surrounding community, I strongly encourage the NTIA to award grant funding to the State of Oklahoma for this very worthwhile project.

Sincerely,

A handwritten signature in cursive script that reads "Larry Minks".

RE: Letter of Commitment for State of Oklahoma CCI Grant Application

Dear Mr. Fleckinger:

We are corresponding to express our commitment and support in regard to the pending Grant Application as referenced above. The Department believes that, if approved and implemented, the Oklahoma Community Anchor Network (OCAN) has the potential to vastly improve our ability to carry out our mission. OCAN will directly assist us in our daily efforts to locate, construct and maintain our highway system and to continue providing and increasing the efficiency, convenience and safety of commerce and the traveling public.

The Department of Transportation has many remotely located field facilities across the State of Oklahoma including a County Maintenance Headquarters in each of our 77 counties, 23 Construction Residencies and Eight Field Division Headquarters, not to mention several location survey units. While a high percentage of these facilities have access to the Internet at some level, only a few have economical and efficient access the bandwidth necessary to support today's data intensive digital business systems and strategies. In addition, we have a growing need for bandwidth in the rural areas to support the new Ports of Entry Facilities, our digital conferencing efforts, our wireless communications systems and our intelligent transportation systems. These needs will grow exponentially in the future as the capability of intelligent vehicle design increases remote connectivity demands and our very transportation infrastructure itself becomes digitally linked and smart.

As further outlined in the application, the Department is prepared to support the implementation of the project and will coordinate, perform and assist with the engineering of the fiber infrastructure and manage the location and construction of the proposed route on the highway rights of way to generally access the Community Anchor Network.

We recognize the incredible benefits that increased connectivity can provide to Oklahoma and the Nation. The Department of Transportation is an enthusiastic, experienced and highly successful partner and we strongly encourage the NTIA to award this grant to the State of Oklahoma.

Sincerely,

The Honorable Larry Strickland, Administrator
National Telecommunications and Information Administration
1401 Constitution Avenue, N.W.
Washington, District of Columbia 20230

Dear Administrator Strickland:

I am writing to express my support for the Oklahoma Community Anchor Network (OCAN) grant application.

Many Oklahomans face challenges in finding the affordable broadband services that are critical in gaining access to education, health, small business and employment information. The Oklahoma Community Anchor Network proposal reflects a coordinated effort involving many state agencies, community partners and the private sector to effectively address these needs.

The statewide deployment of a middle-mile fiber ring proposed by OCAN will be beneficial to both public and private K-12 education facilities in Oklahoma. This network will potentially impact 443 public schools and 32 private schools throughout our state. If funded, OCAN will provide the fiber backbone enabling these facilities to receive high speed connectivity that will dramatically enrich the quality of education our children receive.

As State Superintendent of Public Instruction, I am happy to offer my support to the Oklahoma Community Anchor Network grant application. Please do not hesitate to contact me should you have questions, comments or require additional information.

Sincerely,

A handwritten signature in black ink that reads "Sandy Garrett".

RE: Oklahoma Community Anchor Network Application

Dear Administrator Strickling:

The State of Oklahoma is submitting a Comprehensive Community Infrastructure grant application in relationship to the National Telecommunications and Information Administration (NTIA) Notice of Fund Availability.

This grant will fund the installation of a fiber backbone of 1058 miles throughout Oklahoma to benefit vulnerable populations and rural communities. The Oklahoma Community Anchor Network proposal demonstrates a strategy for improving educational outcomes, access to health and employment services, and an enriched quality of life for Oklahomans.

This application has been prepared in cooperation with other state agencies, community partners and the private sector. The opportunity for Oklahoma to continue to expand broadband access and services throughout our state is an important tool for us to deliver public services and to promote job growth and development.

As the Secretary of Agriculture for Oklahoma, I am pleased to offer my support to the Oklahoma Community Anchor Network grant application.

Please do not hesitate to contact me should you have questions, comments or require additional information. Thank you for your attention to this matter.

Sincerely,

Dear Administrator Strickland:

I am writing in support for the state of Oklahoma's Comprehensive Community Infrastructure application.

I am the Executive Director for the eleven (11) Sub State Planning Districts in Oklahoma. The Sub-State Planning Districts work very closely with rural communities throughout the state, many of whom face tough challenges in finding affordable broadband services that are critical to having access to important information. Having worked with many agencies on Oklahoma's CCI application I realize how critical the broadband needs are in Oklahoma.

The approval of the Oklahoma Comprehensive Community Infrastructure application will greatly impact the rural areas in Oklahoma and help the quality of life for many of our citizens. I urge you support for the broadband application.

If you have any questions, please let me know.

Sincerely,

Dear Administrator Strickland:

I am writing to express my support for the state of Oklahoma's Comprehensive Community Infrastructure grant application, the Oklahoma Community Anchor Network.

We have long recognized the importance of broadband expansion in our state. However, Oklahoma, like many other states, is struggling to weather the current economic climate. Many of our rural citizens face challenges in finding the affordable broadband services that are critical in gaining access to education, health, small business and employment information. The Oklahoma Community Anchor Network proposal demonstrates a coordinated effort involving many state agencies, community partners and the private sector to effectively address these needs.

This proposal will significantly impact the constituents in our rural counties. As Executive Director of the Association of County Commissioners of Oklahoma, I am happy to offer my support to this endeavor that will improve the quality of life for our most rural and vulnerable citizens.

Please do not hesitate to contact me should you have questions, comments or require additional information. Thank you for your attention to this matter.

Sincerely,

Gayle A. Ward
Executive Director

Bar Admission

State of Oklahoma, 1999

Professional History

Associate Vice Chancellor for Operations and Legal Affairs

Oklahoma State Regents for Higher Education – Oklahoma City, OK

April 2008 to present

Responsibilities include:

- ◆ Providing legal advice to OneNet staff in regard to state, federal and regulatory compliance specific to state telecommunications initiatives
- ◆ Participating actively in OneNet's budgeting and strategic planning processes
- ◆ Serving as primary contracting officer for OSRHE and OneNet

Assistant General Counsel

Oklahoma State Regents for Higher Education – Oklahoma City, OK

August 2006 to April 2008

Responsibilities include:

- ◆ Assisting the General Counsel in providing legal advice and representation to the State Regents and Chancellor
- ◆ Reviewing and drafting agency contracts
- ◆ Providing legal advice to OneNet staff in regard to state, federal and regulatory compliance specific to state telecommunications initiatives

Assistant General Counsel

Commissioners of the Land Office – Oklahoma City, OK

March 2005 to August 2006

Responsibilities include:

- ◆ Advising the Commissioners and staff on matters of statutory compliance and administrative procedure
- ◆ Reviewing and drafting real estate lease contracts
- ◆ Researching, writing and filing pleadings in state and federal courts

Assistant Attorney General for the State of Oklahoma

Office of the Attorney General – Oklahoma City, OK

June 2001 to February 2005

Responsibilities included:

- ◆ Prosecuting capital and non-capital appeals
- ◆ Appearing before the Oklahoma Court of Criminal Appeals, federal district courts and United States Court of Appeals for the Tenth Circuit for oral arguments, scheduling conferences and evidentiary hearings

- ◆ Researching, writing and filing appellate briefs in response to direct appeals in the Oklahoma Court of Criminal Appeals, federal habeas corpus petitions in all three Oklahoma federal district courts, appeals of denial of federal habeas relief in the United States Court of Appeals for the Tenth Circuit and petitions for writ of certiorari in the United States Supreme Court
- ◆ Serving as on-site legal advisor to the Warden of the Oklahoma State Penitentiary on the eve of executions

Associate Attorney

Norman Wohlgemuth Chandler & Dowdell – Tulsa, OK

October 2000 to March 2001

Responsibilities included:

- ◆ Writing complex civil legal pleadings
- ◆ Researching legal authorities in preparation for writing pleadings
- ◆ Assisting in preparing and conducting federal and state jury trials and settlement conferences

Assistant District Attorney

Oklahoma District #22 District Attorney – Ada, OK

November 1999 to August 2000

Responsibilities included:

- ◆ Screening and filing criminal charges
- ◆ Representing the State of Oklahoma in criminal proceedings, including preparation for and conduction of felony jury trials

Assistant to Director of Public Relations

People’s Electric Cooperative – Ada, OK

April 1994 to June 1996

Responsibilities included:

- ◆ Organizing, writing and publishing monthly corporate newsletter
- ◆ Organizing and hosting community and corporate events
- ◆ Serving as public relations liaison for the company at numerous community functions

Education

Juris Doctor – May 1999

University of Oklahoma, College of Law – Norman, OK

BA in Political Science – May 1996

East Central University – Ada, OK

Professional Skills

Legal Research

Experienced in digital legal research including Westlaw, Lexis and Premise

Desktop Publishing

Have designed, edited and published numerous professional and community projects using Adobe Pagemaker

résumé

Kurt A. Snodgrass

Professional Highlights

- Skilled in planning, developing and implementing strategies consistent with established objectives
- Experienced in the operations of advanced research networks, state government and institutions of higher education
- Proficient in communicating with diverse audiences and stakeholders
- Dedicated, discriminating problem solver who follows through on details

Professional History

Vice Chancellor, IT & Telecommunications

December 2001-Present

OneNet

Oklahoma State Regents for Higher Education
655 Research Parkway, Suite 200
Oklahoma City, OK 73104

primary responsibilities:

Oversee and manage Information Technology Division and OneNet, Oklahoma's official telecommunications network with a total annual operating budget of \$22,144,875. Work closely with the Chancellor and Regents for Higher Education and other official entities to develop, implement, expand advanced network resources and maintain information technologies; Represent the Chancellor and Regents on various boards and at meetings and events nationwide.

Executive Director of Communications

July 2001-December 2001

Oklahoma State Regents for Higher Education
655 Research Parkway, Suite 200
Oklahoma City, OK 73104

primary responsibilities:

Developed, directed and implemented statewide media, public relations, and internal communications programs in support of the Work Plan of the Oklahoma State Regents for Higher Education; Developed media contacts and responded to inquiries; Coordinated interviews and generated all media materials.

Director of Marketing and Communications

November 1999-July 2001

OneNet

Oklahoma State Regents for Higher Education
800 Research Parkway, Suite 200
Oklahoma City, OK 73104

primary responsibilities:

Planned and directed all aspects of OneNet's marketing and public relations; Developed and maintained communication with state legislators, state agencies, policy makers and the public; Worked closely with OneNet staff and the Oklahoma State Regents in the development of targeted information and communications strategies.

Public Information Officer

March 1997-November 1999

Oklahoma Health Care Authority
4545 N. Lincoln Boulevard
Oklahoma City, OK 73105

primary responsibilities:

Developed and implemented public information strategies; Oversaw the development, design and production of all internal and external educational and informational communications; Designed, developed and implemented agency's crisis management plan; Coordinated special events; Generated and disseminated press; Developed and produced public service announcements; Designed, developed and produced educational videos.

Adjunct Professor
Design Technology
Fall Semester 1997
College of Fine Arts
University of Oklahoma
540 Parrington Oval, Room 122
Norman, OK 73019-0560

primary responsibilities:

Developed course curriculum designed to provide students with instruction and exercises necessary to bring them to a basic level of proficiency in computer design as it specifically relates to printing. Presented technologies related to Macintosh platforms with emphasis on Adobe publishing.

Education/Outreach Specialist
December 1994-March 1997
Oklahoma Health Care Authority
4545 N. Lincoln Boulevard
Oklahoma City, OK 73105

primary responsibilities:

Developed educational strategies specific to the implementation of Oklahoma's new Medicaid managed care program; Designed, developed and produced all educational and enrollment materials; Developed, coordinated and produced live satellite broadcasts in addition to instructional videotapes for staff professional development and Medicaid beneficiary education; Served as education coordinator with various health maintenance organizations; Served as general media contact.

Marketing Development Specialist
January 1993-December 1994
Oklahoma Initiative on Health Care
Financing Reform
800 N.E. 15th Suite 342
Oklahoma City, OK 73104

primary responsibilities:

Researched demographic and socioeconomic characteristics of Oklahoma consumers; Developed marketing plan and promotional strategies for the Family Choice Health Plan and the Family Health Accounts; Developed insurance and hospital data bases; Researched current health care delivery system; Initiated proposed standardized insurance product design; Developed informational materials concerning health care reform; Assisted in the development of consumer satisfaction surveys and focus groups.

Computer Designer
July 1989-December 1992
Educational Television Services
Telecommunications Center
Oklahoma State University
Stillwater, OK 74078-0585

primary responsibilities:

Designed and implemented computer graphics for all educational broadcasts, including all three-dimensional set configurations, multi-planed animations and interpolations of graphic images; Negotiated estimates on telecommunications productions and coordinated billing; Facilitated client and vendor conferences; Investigated and evaluated potential software programs for company use; Supervised professional and part-time employees.

Advertising Designer
August 1988-July 1989
Dana Advertising and Graphics Group
Wichita, KS

primary responsibilities:

Created graphics, layouts and proposals for industrial and private clients, including layout and design, logo design and branding, illustration, and product design; Assisted in the development of marketing strategies; Facilitated client and vendor conferences and consultations; Researched new papers, inks and their treatments; Inventoried paper and supplies.

Education

- Master of Science
Curriculum and Instruction
Emphasis – Information Communications Technology
Oklahoma State University
December 1995 – *Summa Cum Laude*
- Teletechniques I
Emphasis – Compressed Video Technologies and Curriculum Development
Teletraining Institute
Oklahoma State University
October 1995
- Bachelor of Fine Arts
Emphasis – Advertising Design
University of Oklahoma
May 1988 – *Magna Cum Laude*

Organizations and Memberships

- National LambdaRail – Board Chair (May 2009 to present)
 - Chair, Organization Committee (2008)
 - Chair, Audit Committee (2008)
 - Member, Executive Committee (2008 to present)
 - Member, Partner Interaction Committee (2008)
 - Member, Special Merger Committee (2006)
- School of Library and Information Studies Advisory Board – University of Oklahoma (2006)
- Southeastern Universities Research Association (SURA)
 - Member, Southeast Regional Optical Networks (SERON) working group (2006 to present)
- Sprint Higher Education Advisory Committee (2005 to 2009)
- CIO Task Force – Oklahoma House of Representatives (2005)
- Collaborative Adaptive Sensing of the Atmosphere (CASA) – Industrial Advisory Board (2005 to present)
- Internet2 K-20 Advisory Board (2002 to present)
- Governor's Economic Development Generating Excellence Initiative – Telecommunications Committee Member (2003)
- Southern Region Education Board (SREB) – Information Technology Task Group (2002 to present)
- Variety Health Center – Board Member (2002 to 2007)
- Oklahoma IT Directors and Chief Information Officer Council (2001 to present)
- Children's Defense Fund National Conference – Guest Speaker (1999)
- Robert Wood Johnson Grant (*Covering Kids Initiative*) – Advisory Group and Steering Committee Member (1999)
- National Governors' Association Conference – State Representative (1998)
- Health Care Financing Administration (Federal Agency) – Advisory Panel (1998)
- Wichita Club of Printing House Craftsmen Board of Directors (1989)
- State of Oklahoma Public Information Officers' Association
- Lifetime member of the University of Oklahoma Alumni Association

Honors & Awards

- Project Director, \$7.1M FIPSE Congressional Award – *Cimarron Broadband Initiative*. (2006)
- Oklahoma Academy for State Goals (2003)
- Recognized by NASA's Education Division for Exemplary Work (1991)
- President's Honor Roll (1984 & 1988)
- Dean's Honor Roll (1985, 1986, & 1987)
- Recipient of a University of Oklahoma Art Scholarship (1988)
- Member of Phi Rho Sigma Honors Fraternity (1984 & 1988)
- Member of Kappa Kappa Psi, (Honorary Band Fraternity, 1984-1988)
- Pride of Oklahoma Marching Band (1984-1987)
 - Section Leader, (Percussion, 1987)
- President's Leadership Class (1984)

Personal

- Age: 44
- Health: Excellent
- Marital Status: Married (20 yrs) with two children (9 & 14)
- Hobbies: Personal Fitness, Music, Outdoor Activities, American History and Coaching

James E. Deaton

Oklahoma State Regents for Higher Education - OneNet

(405) 225-9414

655 Research Parkway, Oklahoma City, OK 73104

jed@onenet.net

PROFESSIONAL EXPERIENCE:

Oklahoma State Regents for Higher Education, Oklahoma City, OK 1996-Present

Chief Technology Officer, OneNet 2000-Present

Perform as decision-maker for the fully integrated, IP-based network in terms of technology oversight, engineering and long-term research and development. Serve as representative to Internet2, NLR and associated advanced networking ventures. Interface with applications researchers, network administrators and executives. Provide direction to the systems, support and networking groups.

Selected Accomplishments:

- Co-led multiple divisions in deployment of statewide dense wavelength division multiplexing system on procured fiber. Directly led division integrating enhanced, high bandwidth routing infrastructure with associated advanced services such as multi-city SAN and disaster recovery facilities.
- Brought numerous network performance enhancing applications into the network including caching systems, content delivery hardware as well as increased bandwidth through national negotiation initiatives.

Senior Systems Engineer, OneNet 1998-2000

Provided technology vision and execution to OneNet, Oklahoma's high-performance backbone network. Led development, testing and implementation of network and computing technologies. Served as technical representative to Internet2 and Great Plains Network. Interfaced with applications researchers and network administrators. Provided network design and management of advanced features within the network.

Selected Accomplishments:

- Led the design and implementation of OneNet's Internet2 connectivity and participation as one of the first connected GigaPoPs.
- Provided distributed computing resources for major R&D projects in numerical weather modeling, DNA sequencing, and supernovae spectra analysis.
- Researched and deployed technologies resulting in the nation's first multi-state NEXRAD data acquisition system.

Systems Manager of Network Operations, OneNet 1996-1998

Implemented and maintained network services such as email, web, ftp, directory services, and news. Administered a high-end, distributed "server farm" consisting of 50+ servers at 46 points of presence statewide.

Selected Accomplishments:

- Designed and implemented custom email and web system with an integrated account administration process that rivaled the features in similar commercial products quoted to the agency with multi-million dollar licensing costs.
- Automated many network functions, including domain name services and configuration of customer routers.

University of Oklahoma, Norman, OK

1992-1996

Department of Computing and Telecommunications Services

Application Support Programmer

1994-1996

Managed university mail system, providing X.500 directories, gateways, and SMTP spooling. Maintained operation and updating of all Sun workstations and servers in the Computing Services and Computer Science departments. Implemented integrated UNIX-based database and billing systems. Installed and maintained a variety of network information services, including WWW, anonymous ftp, gopher, mailing lists, online campus directory, USENET news, kerberos authentication, PPP, and domain name service.

Selected Accomplishments:

- Implemented the university's first campus-wide email system providing service to 30,000 users.
- Researched network management products and access servers and coordinated vendor testing program.

Applications Analyst

1992-1994

Provided technical support to faculty and students. Troubleshot and resolved hardware, software and network problems.

EDUCATION:

University of Oklahoma, Norman, Oklahoma

1997

Bachelor of Science in Electrical Engineering

ORGANIZATIONS:

Applications, Middleware, and Services Advisory Council, Internet2

Vice-Chair, Quilt – Advanced Regional Networking Organization

National LambdaRail

Executive Council, Great Plains Network

Alan Stevenson, P.E.
ITS and Fiber Optic Engineer Manager
200 N.E. 21st Street
Oklahoma City, Oklahoma, 73105-3204
Cell# (405) 919-6573

The following is a list of Projects Designed and Managed by Alan Stevenson, ODOT.

ITS AND FIBER OPTIC PROJECTS

	J/P	PROJECT		PROJECT	Total Amount of Project
	NUMBER	NUMBER	COUNTY	TYPE

Alan Stevenson, P.E.
ITS and Fiber Optic Engineer Manager
200 N.E. 21st Street
Oklahoma City, Oklahoma, 73105-3204
Cell# (405) 919-6573

Graduate of Texas A&M, receiving a Bachelors of Science in Civil Engineering.

In 1988, began working for the Oklahoma Department of Transportation in the Traffic Engineering Division, developing Traffic Signal, Highway Lighting, Interconnect and Communications projects. Responsible for the design, development, and over site of the final construction of multiple highway department projects.

In 1997, started the new design section in the ITS (Intelligent Transportation System) and Fiber Optics, in the Technical Services (IT) Division. While managing ITS and Fiber Optics the last 10 years, has designed, and developed multiple ITS and fiber optic communication projects for multi-million dollars, including installation of a fiber optic backbone in metropolitan areas of Oklahoma City, and Tulsa.

ITS is a part of a nationwide effort driven by FHWA and USDOT to improve and maintain the flow of traffic, improve safety and our ability, and the ability of first responders, to access an accident scene and respond accordingly.

Responsible for connecting 31 partnering agencies statewide to the ITS backbone Fiber network. Local partners include Civil Emergency Management Agency, Department of Public Safety, FHWA, FMC, ACOG, INCOG, National Guard, OTA, OSF, OneNet, Oklahoma Homeland Security, and the cities of Tulsa, Oklahoma City, Norman, Moore and Midwest City. ODOT has established other partnerships for the expansion of ITS and fiber optic network system, such as telecommunication companies, the Mobility Technologies and ITS Heartland.

Negotiate Public/Private partnerships involving, ODOT, OSF, OTA and Telecommunications companies since 1996 to expand the states fiber optic backbone, currently together the State has over 940 miles of Private/Public fiber optic cable installed; plans for more fiber optic cable are expected in the near future.

ODOT Board member of ITS Heartland for the purpose of sharing information and ITS data across state boundaries, including Kansas, Nebraska, New Mexico, Missouri, and Iowa.

Intelligent Transportation Systems responsible for putting in place are: 27 Overhead Dynamic Message Signs (DMS) for relaying driving information, Smart Work Zones, 49 Closed Circuit Television (CCTV) Cameras for Monitoring Traffic Conditions, 146 Web Cams for Public Web Access, Vehicle Detectors for Speed information, Center to Center Communication, Traffic Signal Systems/Interconnects, Virtual Transportation Management Center (VTMC), Road Weather/Pavement Sensors (RWIS), Fiber Optic Cable installations, ITS Integration Support Lab at OU (Norman and Tulsa), and Asset Management for ITS Equipment and Tracking System.

Randy Crosby

Experience

1998-Present Ok State Regents/OneNet Oklahoma City, OK

Network Maintenance Manager

- Provide central point of contact for all physical layer maintenance at 85 network locations and outside fiber optic cable maintenance
- Manage physical network upgrades and maintenance at hub sites
- Manage optical transport system; implement upgrade of Sonet/DWDM equipment
- Physical inventory management and prepare specifications for equipment procurement

1987-1998 Venture Stores Inc. Oklahoma City, OK

POS Maintenance Technician

- Perform corrective and preventive maintenance on point of sale equipment in Oklahoma, Arkansas and West Texas territory
- Maintain inventory of spare parts to service territory
- Lead crew of technicians to upgrade POS systems at all stores within company

1982-1987 Allen Bradley Co Shawnee, OK

Application Engineering Technician

- Test client products and make recommendations to engineering
- Test competitor products and provide written reports to management
- Test production parts and set test criteria and standards for Quality Control department based on engineering specifications

1980-1982 Best TV Service Shawnee, OK

Service Technician

- Perform service calls to client homes to test and repair failed entertainment devices
- Install outdoor antenna systems and interior cable systems
- Pickup and Deliver shop repairs

Education

1979-1981 Rose State College Midwest City, OK

- AET Associate in Engineering Technology, Electronics Major.

1977-1979 Gordon Cooper Technical Center Shawnee, OK

- Certificate Electronics Technology

Interests

Woodworking, Camping, Baseball, Sunday School Teacher, Church Deacon

Richard Clark – Oklahoma Office of State Finance

Page 1

SUMMARY OF QUALIFICATIONS:

- Extensive IT leadership and management experience including strategic planning, budget preparation, vendor/customer relationships, contracts, and planning and operation of data centers and automated testing facility.
- Skilled in evaluating current and future technologies and leading evaluation, selection, purchase, and implementation of new technologies to support business and IT initiatives.
- Strong project planning and management skills with a proven track record of building effective teams that complete projects on time and within budget.
- Extensive background in application development, packaged software implementation, telecommunications and networks, quality assurance, software configuration and change management, automated testing, IT auditing, and business process innovation.
- Effective in communicating at all organizational levels and developing and maintaining a broad vision of the business while focusing on how IT initiatives can add value and improve business operations.

PROFESSIONAL EXPERIENCE:

Office of State Finance (OSF) – State of Oklahoma – Oklahoma City, OK

2003-

The Office of State Finance is responsible for producing the Governor's Executive Budget and the Comprehensive Annual Financial Report. The Information Services Division (ISD) is responsible for partnering in the implementation of the State of Oklahoma's Integrated Central Financial System (CORE), and managing OK.gov, the state's Internet portal. ISD operates the State's Data Center and Central Communication System. ISD coordinates the information technology and telecommunication long-range planning and establishes minimum mandatory information technology and telecommunication standards.

Quality Assurance Contractor

2003

- On contract with the OSF Information Systems Division (ISD) providing consulting services for Quality Assurance on the CORE Oklahoma Enterprise Resource Planning (ERP) project. The CORE Oklahoma project implemented PeopleSoft ERP applications for Human Resources, Payroll, General Ledger, Accounts Payable, and Procurement.

Operations and Applications Manager

2003-

- Managed ISD Computer Operations, Applications Development, Telecommunications and Infrastructure departments.
- Developed strategic plans and directed the implementation of server consolidation and virtualization.
- Directed the expansion of the state's Backbone fiber optic network to provide redundant rings and connectivity to state agencies.
- Directed the research and selection of a Disaster Recovery Hot Site for recovery of all critical financial systems that support all state agencies.
- Project coordinator for construction of new OSF ISD Tier 3 data center facility.
- Project coordinator for the Oklahoma Broadband Mapping Project. Worked on development of the Broadband Mapping Grant Application which was awarded in January 2010.

Fleming Companies – Oklahoma City, OK & Lewisville, TX

1996-2002

With \$15 billion in annual sales, Fleming Companies is an industry leader in wholesale food distribution. As Manager of the IT Systems Quality Assurance department, with an operating budget of \$1MM and 15 staff, responsibilities encompassed systems quality assurance and testing; IT standards and procedures; software configuration and change management; IT audits; and business process innovation.

Richard Clark – Oklahoma Office of State Finance

Page 2

Fleming Companies – Cont.

Manager, Systems Quality Assurance

1996-2002

- Expanded SQA department roles and responsibilities to encompass quality assurance, testing, and change management for software applications on all hardware platforms – OS/390, AIX, AS/400, and Windows NT and 2000, and to incorporate quality assurance practices throughout development projects.
- Developed strategic plans and business cases, and directed research, selection and implementation of automated testing, software configuration management (SCM), and change management tools for all platforms.
- Directed development and implementation of IT Standards, Procedures, Methods and Practices.
- Built fully integrated test lab and implemented automated test tools to conduct system, integration, and stress testing of applications on all hardware platforms as well as the network and MQSeries middleware.
- Expanded SQA technical writing position to build web sites and convert all IT standards and procedures manuals to web-based, searchable documents. Implemented XML-based authoring tools.
- Worked with internal and external auditors on all IT audits. Closed over 160 audit findings.
- Served as interim manager of Information Security department during search for new manager.
- Directed process innovation team in audit of business processes at company headquarters in Lewisville, TX. Developed and implemented new processes and systems reducing annual operating expenses over \$2MM.

The Oklahoma Publishing Company – Oklahoma City, OK

1978-1996

The Oklahoma Publishing Company is a privately held major newspaper publishing and entertainment enterprise.

Manager, Information Services

1979-1996

Organized and directed all activities of the Information Services and Telecommunications departments. With an operating budget of \$3MM and 35 staff, led the departments in implementing solutions that consistently improved operational productivity, efficiency of business processes, and overall ROI for the newspaper.

- Reorganized and restructured IS department; established standard processes; implemented guidelines, policies and procedures for all department functional areas.
- Prepared strategic plans and championed new application systems and technologies to enhance newspaper operations including: Customer Service, Advertising, Circulation, Data Warehousing, Sales Force Automation, and Electronic Publishing. Reduced newspaper operating costs over \$1MM annually.
- Directed research and implementation of IS technology for publishing and entertainment subsidiaries.
- Researched and implemented best of breed software packages for newspaper business and publishing applications saving over \$4MM in in-house development costs.
- Directed research and implementation of Sales Force Automation system utilizing Data Warehouse technology with HP servers and Oracle database.
- Planned and directed design of new IS department and data center for new headquarters office building.
- Researched, selected, and directed implementation of new telecommunications system and network infrastructure for new office building.

Programming Manager

1978-1979

Organized and directed all activities of the applications development department within Information Services with an annual operating budget of \$1MM and 12 staff.

- Implemented standard practices, quality assurance processes, and structured development methodologies.
- Reorganized applications development, aligning teams with each business unit served by IS. Significantly improved service levels to each business unit.
- Developed and implemented Staff Development and Training Program to train staff on structured development and quality assurance techniques and processes.
- Directed development of major newspaper applications for Subscriber Billing, On-line Page Layout, and Advertising Order Entry and Billing, completing all projects on time and within budget.
- Implemented financial applications: Payroll, HRMS, General Ledger, and Accounts Payable.

Richard Clark – Oklahoma Office of State Finance

Page 3

PROFESSIONAL DEVELOPMENT:

- University of North Dakota – Engineering, Business Management
- American Management Association – Managing the Corporate EDP Function
- Classes, seminars, and workshops in: Leadership, Effective Team Building, Project Management, Quality Management, Supervisory Skills, Time Management, Motivation and Staff Development

TECHNICAL SUMMARY:

- Mainframes and Servers: IBM, HP
- Operating Systems: ZOS, AIX
- PCs: Microsoft Windows, Office 2007, Word, Excel, Project, Visio, PowerPoint
- Financial Software: PeopleSoft - Payroll, HRMS, General Ledger, Accounts Payable, Procurement
- Testing Tools: Mercury Interactive – TestDirector, WinRunner, LoadRunner, Astra QuickTest
- Software Configuration and Change Management tools: CA ENDEVOR, IBM SCLM.

PROFESSIONAL AFFILIATIONS:

- American Society for Quality
- American Management Association

VOLUNTEER AFFILIATIONS:

- Oklahoma City Mayor's Advisory Board for Information Technology - consulting and advice on major software development projects for the City of Oklahoma City
- Chairman, Oklahoma Goodwill Industries Business Advisory Council - develop and oversee Computer Programmer Training program for physically challenged individuals
- University of Oklahoma - MIS curriculum advisory committee
- University of Oklahoma – advisor on MIS MBA student team projects
- Oklahoma City Community College - curriculum advisor for Computer Science program
- INROADS - Summer Interns Program advisor

Jay Adams – Oklahoma Dept. of Transportation

jadams@odot.org

Profile:

Career committed, self motivated Transportation Manager with demonstrated success in leadership and project management using personal interaction and communication to collaborate with leaders in transportation industries to meet established goals of the agency.

Interpersonal Skills:

- Ability to anticipate and resolve any problems, bottlenecks or scheduling conflicts
- Recognize the importance of establishing and maintaining customer relationships
- Proficient in preparation and maintenance of project schedules and monitoring progress to achieve on-time or earlier deliveries
- Ambitious, goal-oriented individual with demonstrated communication skills and strong leadership capabilities
- Effective public speaker with experience in conducting workshops, training large groups, delivering motivational and technical presentations at national conferences and participation at public involvement meetings

Relevant Experience:

- Represents the Oklahoma Department of Transportation on the Oklahoma State GIS Council for the last 10 years
- Created, developed and implemented the Geographical Resource Intranet Portal (GRIP) Enterprise System for the agency that has resulted in improved workflows, time savings (\$) and data integrity. Ensure compatibility with Pavement Management Systems and department legacy systems
- Created and lead implementation of the redesign of the Highway Performance Monitoring System (HPMS) Program to be the leading program in the nation
- Successful collaboration with Metropolitan Planning Organizations, State and Federal agencies to provide coordination of transportation goals and objectives
- Leadership for the Planning & Research's division level operations and personnel management of more than 60 employees
- Successfully managed budgets and costs for the Planning & Research Division and the Federal SPR Program as well as contracts and individual projects
- Coordinating new SAFETEA-LU Environmental Procedures for Planning & Research Division's environmental policies and implementation guidelines
- Facilitate cooperation between Tribal Nations to achieve common transportation goals with the agency. Currently helping Tribal Nations develop and implement GIS systems for their respective governments.

Jay Adams

Page Two

Employment:

Director – Tribal Coordination - ODOT November 2008 - Present

Assistant Director – Planning & Research Division December 2000 – November 2008
Transportation Manager III

GIS Management Branch Mgr. – Planning Division November 1999 - December 2000
Transportation Manager II

Mapping Supervisor/HPMS Program Manager – Planning Division May 1997 - Nov 1999
Transportation Specialist III

Needs Study – Planning Division December 1990 - May 1997
Transportation Specialist I, II, & III

Registration & Permits – Maintenance Division August 1988 -- December 1990
Senior Engineering Technician

Rural (Roadway) Design Division September 1985 – August 1988
Drafting Technician I & II

Awards: 1999 **AASHTO Presidents Award for Transportation Planning for the HPMS/GIS Pilot Project**
1999 **Civil Emergency Management Certificate of Appreciation for the May 3rd Tornado Response**
2002 **National Geospatial Innovations Award for GRIP**
2002 **Governors Commendation – Quality Oklahoma Team Day for the GRIP Project**
2003, 2004, 2005 **Best Analytical Mapping Award – National GIS for Transportation Conference**
2005-2008 Program Chair for the GIS for Transportation Conference
2009 Host State Chair for the GIS for Transportation Conference

Other Accomplishments:

Chairman of the City of Mustang Planning Commission – January 2005 thru May 2006

Elected to City of Mustang - Ward 1 City Council – May 2006 thru Current

National Chairman of the AASHTO GIS for Transportation Task Force 2010 thru Current

Management Team and Organization Chart

The management team for the project consists of representatives of three state agencies – Oklahoma Department of Transportation (ODOT), OneNet and the Office of State Finance (OSF). These three agencies have partnered and coordinated broadband activities for the State of Oklahoma for several years. OneNet and OSF have been a team providing broadband to state agencies, colleges and universities since 1992 when the Oklahoma Government Telecommunication Network was created by legislation.

These agencies own, lease and manage broadband assets and provide services to state agencies and other customers. OSF has a department that manages inside and outside plant projects and has contracts with vendors for acquisition and installation of fiber.

ODOT's project responsibilities will be engineering, route selection, construction management, and environmental review and compliance. OneNet's project responsibilities will be technical design of the broadband ring; ongoing operations and support; and legal review. OSF's responsibilities will be grant administration, contract administration, billing, customer support, marketing and maintaining accounting records and preparing required financial statements.

The key individuals for the project team are:

Oklahoma Department of Transportation (ODOT)

Tim Gatz, R.L.A., Director of Capital Programs and Information Systems – Tim has over 20 years of engineering experience. His planning and project management experience will be key to the success of this project. He will be able to identify the state resources needed on this project and ensure they are available when needed.

Jay Adams, Director, Tribal Coordination – Jay represents ODOT on the Oklahoma State GIS Council for the last 10 years. His experience in GIS planning, research and working with the Native American Tribes in Oklahoma is key to the success of the project. His knowledge of the State's Tribal Nations will facilitate project negotiations for right of way and marketing broadband services to Tribal Nations.

Alan Stevenson, ITS and Fiber Optic Engineer Manager – Alan has over 20 years engineering experience including designing and constructing fiber networks. He was a key member of the team that designed the proposed fiber and will be the on-sight project manager.

Major Projects:

ODOT has or is managing 49 projects totaling over \$19,000,000. The following is a selected sample of those projects:

- Tulsa County – ITS Project to install DMS signs and CCTV at various locations in Tulsa - \$2,368,430.
- Oklahoma County – ITS Project to integrate existing ITS components; signs, cameras along I-40 at Tinker - \$847,708.

- Tulsa County – ITS Project to integrate existing ITS components; signs, cameras in Tulsa - \$604,871.
- Oklahoma County – ITS Project to install DMS signs and CCTV at various locations along I-40 at Tinker - \$504,521.
- Oklahoma County – Communications for ITS project to integrate existing ITS components with OK Emergency Management Center, Department of Public Safety and National Guard - \$747,782.
- Oklahoma County – ITS – I-40/44 from I-240 to Kilpatrick (CCTV) - \$1,142,604.
- Tulsa County – Communications for ITS Project to integrate existing ITS components, to link Department of Public Safety, City of Tulsa Signal Department, Police, Fire and Emergency Response - \$463,444.
- Oklahoma County – ITS and fiber optic installations at I-35 between SE 59th to SE 39th - \$350,000.
- Tulsa County – Integration of Tulsa EMS, 911 with Department of Public Safety Computer Dispatching - \$124,799.
- Comanche County – ITS integration and fiber optics at Lawton - \$185,000.

OneNet

Kurt Snodgrass, Vice Chancellor for IT & Telecommunications – Kurt has over 20 years of public service experience, of which 10 years have been concentrated on advanced telecommunications within the R&E community. He has represented Oklahoma as its primary representative on the National LambdaRail board since its inception and currently serves as chair of the organization. His management and budgetary knowledge of regional and national optical networking will be valuable to design, implementation and ongoing operations of Oklahoma’s Community Anchor Network.

Nancy Connally, Associate Vice Chancellor for Operations and Legal Affairs – Nancy has over 10 years of legal experience working for the State of Oklahoma. Her experience in Oklahoma and federal law ranges from criminal prosecution to land management to telecommunications. Her extensive knowledge of state and federal rules and regulations regarding procurement and contracting will be beneficial to the implementation of Oklahoma’s Community Anchor Network.

James Deaton, Chief Technology Officer - James has served the broadband needs of hundreds of community anchor institutions for over 15 years and currently serves as Vice-Chair for the Quilt, the National Regional Networks Consortium as well as a member of the Steering Committee for StateNets. His in-depth knowledge of networking, computing and related services are integral to the design and implementation as well as the sustainability of the OCAN proposal.

Randy Crosby, Network Maintenance Manager – Randy has over 22 years experience in telecommunications. Randy operates the OneNet optical transport system and oversees physical maintenance at 85 wired and wireless locations within the State of Oklahoma. Randy and his staff will work closely with the network groups to implement the Community Anchor Network.

Major Projects: OneNet is a Regional Optical Network (RON) and retains the operational responsibility for the state network serving over 1,000 community anchor institutions. OneNet is the primary entity responsible for delivering National LambdaRail and Internet2 services to higher education in Oklahoma as well as Arkansas through the Arkansas Research and Education Optical Network (ARE-ON). In addition to the daily operations of the network, OneNet staff are currently upgrading the network to support MPLS services statewide. This project is estimated at approximately \$7,800,000. Past projects have involved the acquisition and leverage of fiber assets in developing a significant optical core and research corridor via dense wave division multiplexing. Most recently, OneNet has implemented optical OC-48 network upgrades at OneNet hubs to replace OC-12 transport equipment – \$255,000, replaced tower lighting systems at eighteen locations – \$240,000 and improved core DWDM optical structure for increased network availability – \$600,000.

Office of State Finance (OSF)

Joseph Fleckinger, Deputy Director of Information Technology and Director of Information Services Division – Joe has over 40 years of financial, management consulting and technology experience. For the last seven years he has managed the State's central information and telecommunication systems and operations that includes the voice and data communication infrastructure. He is also responsible for approving state agency information and telecommunication acquisitions. Joe will be responsible for the overall management of the grant, grant reporting and the administration of the project.

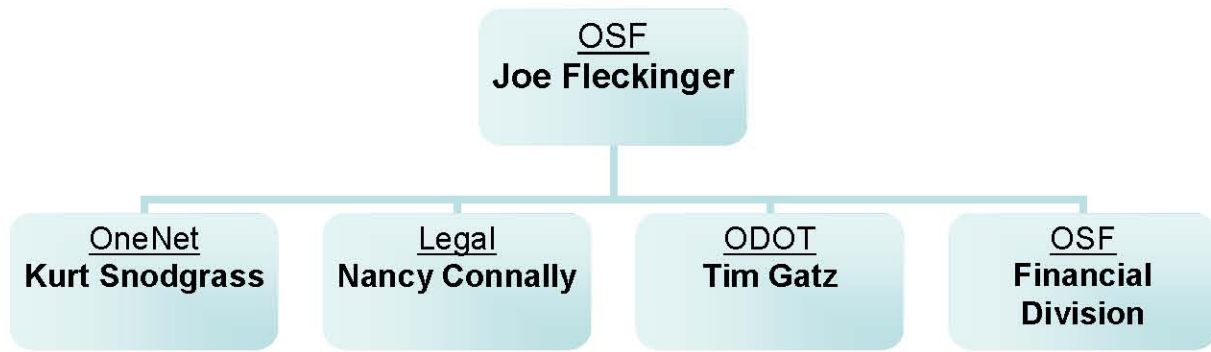

Richard Clark, Operations and Applications Manager – Dick has over 40 years of technology experience including managing the fiber and telecommunication departments of the Information Services Division of OSF. For the last two years he has managed the design and construction of the new State Central Data Center including inside and outside plant fiber installation. Facility occupancy is scheduled for November, 2010. Dick will assist Joe with the administration aspects of the grant.

Ralph Smith, Data Communications Planning Specialist – Ralph has over 30 years of communications experience including organizing, planning and managing fiber and copper cable installation and troubleshooting. He develops and maintains as built drawings of statewide cable plans. Ralph maintains an inventory of equipment and supplies to support the outside and inside plant activities of the agency and works directly with the vendors under contract to the State for cabling equipment, supplies and services. Ralph will work closely with the ODOT and OneNet teams during construction and day-to-day technical operations.

Major Projects:

OSF has or is managing outside and inside plant projects totaling \$6,354,936. The following is a selected sample of the projects:

- 2-mile redundant route of 384 strands of fiber from existing data center to new facility completion scheduled for May, 2010 - \$343,000.
- Inside plant wiring of new facility completion scheduled for June, 2010 - \$442,700.
- 4.37 miles of 48 strands of fiber for relocation of I-40 completion scheduled for April, 2011 - \$800,000.
- 9 miles of 96 strands of fiber to connect various state facilities in Oklahoma City completed - \$433,000.
- 5 miles of 48 strands of fiber from Department of Public Safety to Department of Health completed - \$183,000.
- 1.5 miles of 48 strands of fiber from 4545 N. Lincoln to CORE Santa Fe completed - \$263,000.

TIMOTHY J. GATZ, RLA
Director of Capital Programs
Oklahoma Department of Transportation

PROFESSIONAL PROFILE

Bachelors of Landscape Architecture graduate and Registered Professional Landscape Architect with a record of success in program development, project management, contract administration and overall innovation at the local, regional and national level. Creative problem solver with the ability to drive schedules, resolve conflict, improve morale and consistently meet and beat deadlines. Proficient with project management technics and effective methodologies along with digital data systems and programs.

- **Management** - Solid background in planning and executing programs and projects. Hands-on manager with highly developed negotiation skills and experience cultivating and fostering beneficial partnerships. Equally strong in budgeting and financial management.
- **Project Development** - Proven ability to execute plans and maneuver projects through the Preconstruction and Construction work flow and assume responsibility for forecasting and reporting. Broad knowledge of Preconstruction and Operations disciplines including contracting and contract administration, public involvement, planning, site analysis, engineering, surveying, bid document preparation, construction contracting, construction administration, progressive payments and project auditing.
- **Team Building** - Decisive team leader with extensive experience in personnel management, developing talent and creating effective training programs.
- **Communication** - Persuasive and accomplished communicator with well-developed oral and written presentation and negotiation skills. Able to develop productive relationships with colleagues, stake holders and staff.

EXPERIENCE

OKLAHOMA DEPARTMENT OF TRANSPORTATION - Oklahoma City, Oklahoma 2006 - Present

Director of Capital Programs and Information Management

Selected as a member of the Agency's Executive Staff with responsibility for the Project Management Division and the Local Government Division with duties that encompass the planning, scheduling, budgeting and provisioning for the delivery of State, County and Local transportation improvements, projects and programs with a comprehensive value in excess of \$4 billion. Primary Department of Transportation point of contact for the American Recovery and Reinvestment Act Highway Investment funding and project delivery. In addition, this Staff position is responsible for the Technology Services Division including the Intelligent Transportation Systems (ITS) and the Communications Branch which establish, guide and implement the Agency's Information Technology strategies and systems. The Department of Transportation's Tribal Liaison / Coordinator is also a direct report.

OKLAHOMA DEPARTMENT OF TRANSPORTATION - Oklahoma City, Oklahoma 2000 - 2006

Project Management Division Manager

Selected to lead the organization and development of the Project Management Division consisting of a six member team of Project Managers, a four member team of Contract Administrators, an Applications / Database Administrator and an Administrative Assistant. The Division will ultimately be charged with the development and implementation of a strong matrix project management style and system as related to multi-functional Division projects. Responsibilities will encompass the assembly and coordination of project teams, the management of the milestones and monitoring of the deliverables associated with the Transportation Project Development Process and contracting for unavailable resources.

OKLAHOMA DEPARTMENT OF TRANSPORTATION - Oklahoma City, Oklahoma 1997 - 2000

Special Projects Branch Manager

Sole responsibility for the development, supervision and guidance of the five member Special Projects Branch encompassing the management and administration of the Transportation Enhancement Program, Americans with Disabilities Act compliance, the Bicycle and Pedestrian transportation elements and Storm Water Management and Erosion Control Program.

- Implemented in excess of one hundred Transportation Enhancement Projects representing \$50+ million in infrastructure improvements.

OKLAHOMA DEPARTMENT OF TRANSPORTATION - Oklahoma City, Oklahoma 1992 - 1997

Transportation Enhancement / Bicycle and Pedestrian Coordinator

Sole responsibility for the development of the policy guidance, rules, application procedures, and the project selection and implementation process for a Federally mandated funding program focused around quality of life transportation improvements. Served as Bicycle and Pedestrian Coordinator as the primary Department of Transportation contact point for bicycle and pedestrian interests. Coordinated with State and Federal Agencies and independent organizations to assist in Bicycle and Pedestrian advocacy, planning and the development and implementation of related programs and issues.

- Developed and executed a multi-year, successful and highly regarded statewide Federal-Aid program.
- Nominated for and received the Governor's Public Service Award for outstanding performance.

OKLAHOMA DEPARTMENT OF TRANSPORTATION - Oklahoma City, Oklahoma 1990 - 1992

Urban Design Division - Transportation Technician

Preparation and development of engineering plans for urban area transportation system improvements.

EDUCATION

Bachelors of Landscape Architecture (B.L.A.) - Oklahoma State University, Stillwater, OK 1989

HONORS

2005 Recipient of the Oklahoma Good Roads and Transportation Association's Bill Skeith Stewardship Award for outstanding service to transportation in the State of Oklahoma.

- 1999 Co-Recipient of the Federal Highway Administration's and Keep America Beautiful's National First Place Award associated with the development of the Department of Transportation's Anti-Litter Campaign.
- 1998 Recipient of the American Society of Landscape Architects President's, Merit and Honor Awards for work accomplished in the development, supervision and administration of the Department of Transportation's Enhancement Program.
- 1997 Recipient of the Governor's Public Service Award as the Oklahoma Department of Transportation's nominee for performance as the Transportation Enhancement Program Coordinator.
- 1997 Nominated by Oklahoma Department of Transportation Management and Senior Staff to assist with the Department's re-engineering efforts in the Preconstruction and Construction areas.
- 1997 Recipient of the Citation of Merit Award from the Oklahoma Historical Society for work accomplished in the development, supervision and administration of the Transportation Enhancement Program.
- 1989 Award for Urban Design in an Interstate Transportation Facility Impact and Mitigation Zone (Interstate 235), National Urban Design Competition sponsored by the Harrison-Walnut Redevelopment Corporation of Oklahoma City, Oklahoma.
