## Broadband Infrastructure Application Submission to RUS (BIP) and NTIA (BTOP)

## Certification Regarding Architectural Barriers

## U.S. Department of Agriculture <br> Broadband Initiatives Program

All facilities financed with Rural Development loans that are open to the public, or in which physically handicapped persons may be employed or reside, must be designed, constructed, and/or altered to be readily accessible to, and usable by, handicapped persons. Standards for these facilities must comply with the Architectural Barriers Act of 1968, as amended, 42 U.S.C. $\$ 4151$ et seq.) and with the Uniform Federal Accessibility Standards (UFAS), (Appendix A to 41 C.F.R. subpart 101-19.6).

As a prospective primary participant recipient of financial assistance from Rural Development, this organization commits to carry out Rural Development's established policy to comply with the requirements of the above referenced law to the effect that all facilities must be readily accessible to and usable by handicapped persons.

Públic Utility District No. 1
we, of Pend Oreille County $\qquad$ (the Applicant) hereby certify that, as a prospective recipient under the Rural Broadband Initiatives Program, we are in compliance, or will be in compliance upon completion of the Project, with the above referenced law.

Robert D. Geddes
Name:

General Manager
Title:

## CERTIFICATION REGARDING LOBBYING LOWER TIER COVERED TRANSACTIONS

Applicants should review the instructions for certification included in the regulations before completing this form. Signature on this form provides for compliance with certification requirements under 15 CFR Part 28, "New Restrictions on Lobbying."

## LOBBYING

As required by Section 1352, Title 31 of the U.S. Code, and implemented at 15 CFR Part 28, for persons entering into a grant, cooperative agreement or contract over $\$ 100,000$ or a loan or loan guarantee over $\$ 150,000$ as defined at 15 CFR Part 28, Sections 28.105 and 28.110, the applicant certifies that to the best of his or her knowledge and belief, that:
(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.
(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.
(3) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $\$ 10,000$ and not more than $\$ 100,000$ for each such failure occurring on or before October 23, 1996, and of not less than $\$ 11,000$ and not more than $\$ 110,000$ for each such failure occurring after October 23, 1996.

## Statement for Loan Guarantees and Loan Insurance

The undersigned states, to the best of his or her knowledge and belief, that:

In any funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this commitment providing for the United States to insure or guarantee a loan, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

Submission of this statement is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required statement shall be subject to a civil penalty of not less than $\$ 10,000$ and not more than $\$ 100,000$ for each such failure occurring on or before October 23, 1996, and of not less than $\$ 11,000$ and not more than $\$ 110,000$ for each such failure occurring after October 23, 1996.

As the duly authorized representative of the applicant, I hereby certify that the applicant will comply with the above applicable certification.

| 10 |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |
| TOTAL |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |

[^0]Note: Complete a separate table for each service area. Column headings should be changed to reflect the name of the service package to be offered. Additional columns may be added for each year if more than three package are offered.

Instructions: Using the table below, please estimate the number of subscribers for each distinct type of service offering on a quarterly basis over the five year forecast period. Combine all service pricing tiers of broadband data services into a single service offering. The subscriber projections must be described separately by the type of services offered, and by type of entity (households, businesses, "strategic institutions" i.e., critical community facilities, community anchor institutions, and public safety entities) to which services are offered. For last mile subscribers, please also provide, on a separate sheet, your estimated take rate (the percentage of total customers passed who will subscribe to your service), along with a brief description of the methodology used to forecast these subscribers/take rates. Middle mile applicants should indicate their subscriber forecasts in terms of the entities served via the last mile service providers, community anchor institutions, or public safety entities that are connected to their middle mile network. Middle mile applicants should also provide a reasoned basis for these subscriber forecasts (e.g., agreements in principle with existing or planned last mile service providers, market studies, etc).

## Attachment $\mathbb{D}$

> Network Design and Implementation Plan Certification (to be completed for projects requesting more than $\$ 1$ million in federal assistance)

## U.S. Department of Agriculture and U.S. Department of Commerce BIP and BTOP Program

We the undersigned, certify that the proposed broadband system will work as described in the System Design and Network Diagram sections, and can deliver the proposed services outlined in the Service Offerings Section. Moreover, the system, as designed, can meet the proposed build-out timeframe based on the resources designated in Project Viability Section, and will be substantially complete in two years, and complete within three years.

## Broadband Infrastructure Application Submission to RUS (BIP) and NTIA (BTOP)

## Certification Regarding Debarment, Suspension, and Other Responsibility Matters Primary Covered Transactions

## U.S. Department of Agriculture <br> Broadband Initiatives Program

This certification is required by the regulations implementing Executive Order 12549, Debarment and Suspension, 7 C.F.R. § 3017.510, Participants' Responsibilities.

Public Utility District No. 1
(1) We of Pend Oreille Count the Applicant) (hereinafter the "Company") hereby certify to the best of our knowledge and belief that neither the Company, nor any of its principals:
(a) are presently debarred, suspended, proposed for Debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;
(b) have within a 3 -year period preceding this proposal been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;
(c) are presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State, or local) with commission of any of the offenses enumerated in paragraph (1)(b) of this certification; and
(d) have within a 3-year period preceding this Application had one or more public transactions (Federal, State, or local) terminated for cause or default.
(2) If we are unable to certify to any of the statements in this certification, we shall attach an explanation hereto.

## Broadband Infrastructure Application Submission to RUS (BIP) and NTIA (BTOP)

## Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 Certification

## U.S. Department of Agriculture Broadband Initiatives Program

Public Utility District No. 1 we of Pend Oreille County (the Applicant) assure the U.S. government that we will comply with the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, 42 U.S.C. $\S 4601 \mathrm{et} \mathrm{seq}$., and with implementing federal regulations in 49 C.F.R. Part 24 and 7 C.F.R. Part 21.

Specifically, we assure that whenever Federal financial assistance is used to pay for any part of the cost of a program or Project which will result in the displacement of any person:
(a) Fair and reasonable relocation payments and assistance shall be provided to or for displaced persons in accordance with sections 202, 203, and 204 of the Uniform Act;
(b) Relocation assistance programs offering the services described in section 205 of the Uniform Act shall be provided to displaced persons; and
(c) Within a reasonable period of time prior to displacement, comparable replacement dwellings will be available to displaced persons in accordance with section 205(c) (3) of thg Uniform Act.

## Broadband Infrastructure Application Submission to RUS (BIP) and NTIA (BTOP)

## Certification Regarding Lobbying for Contracts, Grants, Loans, and Cooperative Agreements

## U.S. Department of Agriculture <br> Broadband Initiatives Program

## Public Utility District No. 1

We of Pend Oreille County (the Applicant) the undersigned certify, to the best of our knowledge and belief, that:
(1) No Federal appropriated funds have been paid or will be paid, by or on our behalf, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant or loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.
(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, we shall complete and submit Standard Form-LLL, Disclosure Form to Report Lobbying, in accordance with its instructions. See http://www.whitehouse.gov/omb/grants/sfllin.pdf for Disclosure Instructions.
(3) We shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by 31 U.S.C. $\S 1352$. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $\$ 10,000$ and not more than $\$ 100,000$ for each such failyne.

## Budget Narrative

## Applicant Name: Public Utility District No. 1 of Pend Oreille County, WA

## EasyGrants Number: 1854

## Organization Type (from Question 1D on BTOP application): Political subdivision of a State, including Local or County Government

Proposed Period of Performance: 2010-2012
Total Project Costs: \$34,072,297
Total Federal Grant Request: $\mathbf{\$ 2 7 , 2 5 7 , 8 3 8}$
Total Matching Funds (Cash): \$3,917,193
Total Matching Funds (In-Kind): \$2,897,266
Total Matching Funds (Cash + In-Kind): \$6,814,459
Total Matching Funds (Cash + In-Kind) as Percentage of Total Project Costs: 20\%

## 1. Administrative and legal expenses

| Positions | Cost Detail Location | Time Commitment | Explanation |
| :---: | :---: | :---: | :---: |
| Sr Project Manager | File: <br> Infrastructure <br> Budget <br> Package <br> Submittal <br> Tab: <br> Detail of <br> Project Costs <br> Section: <br> Professional <br> Services <br> Element: <br> Project <br> Management <br> Line: <br> Program / <br> Project Mgmt | \$23,100 100\% Dedicated Outsourced | Act as primary management for the project deployment, guide and oversee the project manager and project engineers. |
| Project Manager |  | $\$ 208,000$ $100 \%$ Dedicated Outsourced | Act as project manager and oversee all production, contract development, coordinate the schedule, track the project budget and timeline, produce weekly/monthly reporting |
| Adminstrative Support |  | $\begin{gathered} \$ 14,400 \\ 100 \% \text { Dedicated } \end{gathered}$ | Will act as the depository of all deployment documents, manage reports, schedule and document all meetings and support all deployment staff. |

| Total Calc ulation | $\$ 258,100$ |
| :---: | :---: |
| Total Matching Funds Cash | $\$ 51,620$ |
| Federal Funding Request | $\$ 206,480$ |

The total cash matching funds for this task is based on $20 \%$ of the total cost.
2. Land, structure, rights-of-way, appraisals, etc.

| Items | Cost Detail Location | Outlined Costs | Proposed Activities |
| :---: | :---: | :---: | :---: |
| Pre-fab Communications Huts | Buildings Pre-fab Huts - Aggregation Hut Budget + \$15k per site (Facility Installation) | \$180,000 | Placement of 12' x 15' Pre-Fabricated Hut with environmentally controlled heating and cooling. The hut will require AC power feeder, excavation for the foundation, grounding and a perimeter fencing. Three locations: Bare Mountain Substation, Cusick and Box Caynon. |
| Serving Area Communications Cabinets | Buildings Pre-fab Huts Serving Area Cabinet + \$2,786 per site 23 total (Facility Installation) | \$373,506 | Placement of 3' x 5' Communications Cabinet with environmentally controlled heading and cooling. The cabinets will be the distribution for the fiber to the premise, will require an AC power feeder, grounding and will be placed within public rights-of-way. |
| Serving Area Rights-of-way Property Acquistion | Buildings Other <br> - Cabinet Site Acquistion | \$210,000 | Acquiring the rights to place and the accociated fees to permit and install the serving area cabinets. |
| Microwave Tower | Outside Plant <br> Towers <br> - Microwave Equipment | \$100,000 | Placement of a 120' lattice tower at the Bare Mountain Substation Communications Hut. The tower will require electrical power service, grounding, foundation installation and conduit placement routing to the Hut. |
| Microwave Tower <br> Property Use Acquistion Fees | Buildings Other - Tower Site Acquistion | \$25,000 | Acquiring the rights to place and the accociated fees for permitting the Microwave Tower at the Bare Mountain Substation. . |
| $\begin{array}{\|l} \text { In-Kind - Comm - } \\ \text { Building } \end{array}$ | Buildings Others <br> -In-Kind -Comm <br> - Building | \$185,294 | Existing deployed network supporting proposed PFSA Network |

Total Calculation - Land, structure, rights-of-way, appraisals, etc.

| Total Calculation | $\$ 1,073,800$ |
| :---: | :---: |
| Total Matching Funds Cash | $\$ 29,466$ |

| Total In-Kind Match | $\mathbf{\$ 1 8 5 , 2 9 4}$ |
| :---: | :---: |
| Federal Funding Request | $\$ 859,040$ |

The total cash and In-Kind matching funds for this task is based on $20 \%$ of the total cost.

## 3. Relocation expenses and payment

The application does not include or require any relocation expense and payment.

## 4. Architectural and engineering fees

| Engineering Tasks | Cost Detail Location | Fees | Explanation |
| :---: | :---: | :---: | :---: |
| Communications Hut Site Design \& Conditioning | Buildings Improvements \& Renovation - Site Design \& Conditioning $(\$ 29.3 \mathrm{k}$ from the $\$ 154,883$ line) | \$29,331 | Prepare site survey, layout, and construction placement drawings for final permitting. Emphasis on drainage, structure grounding, foundation design, foundation location, perimerter fencing and conduit placement for communications and AC power feeder cables. |
| Microwave Tower Layout Design \& Coordination | Buildings Improvements \& Renovation - Site Design \& Conditioning $(\$ 30 \mathrm{k}$ from the $\$ 154,883$ line) | \$30,000 | Planning and tower selection. Prepare site survey, FAA tower permiting, site construction placement drawings for final permitting, Emphasis on drainage, tower grounding, foundation design, perimeter fencing, tower beacon (if reqd.) and conduit placement. |
| Serving Area Communication Cabinets Design \& Layout | Buildings Improvements \& Renovation - Site Design \& Conditioning ( $\$ 95.5 \mathrm{k}$ from the \$154,883 line) | \$95,550 | Prepare site placement details for each serving area communications cabinet, service feeders, fiber conduit, and site access. Total of 21 cabinet throughout the County, each will act a interconnect for service providers. |
| OSP Field Engineering | Professional Services Engineering Design <br> - Field Design, Final Design | \$2,373,941 | Field design, develop final permit applications, splicing diagrams, unit rack-off calculation and material procurement requirements. Produce record drawings from field constructed red-lines and input into ESRI mapping system. |
| Network Engineering, Network Installation \& Transport Ring System Provisioning | Professional <br> Services <br> Engineering <br> Design <br> - Network Design <br> Network Install | \$464,416 | The system will require racking, power connections and full installation, configuration and provisioning of the redundant transport 10G network, transport Gigabit network to each serving area cabinet and coordination with the |

|  | - NOC <br> Implementaion | service providers on the network <br> configuration and provisioning of <br> services to the end user. |  |
| :--- | :--- | :--- | :--- |
| Internal Staff Project <br> Manager | Professional <br> Services <br> Other <br> -Internal Staff <br> Project Manager | \$455,135 <br> In-Kind | Internal Project Manager. Refer to <br> file: CNS In Kind Allocation v8 03-19- <br> 10 JBO |

Total Calculation - Architectural and engineering fees

| Total Calculation | $\$ 3,448,373$ |
| :---: | :---: |
| Total Matching Funds Cash | $\$ 234,540$ |
| Total In-Kind Match | $\$ 455,135$ |
| Federal Funding Request | $\$ 2,758,698$ |

The total cash matching funds for this task is based on $\mathbf{2 0 \%}$ of the total cost.

## 5. Other architectural and engineering fees

| Other Engineering <br> Tasks | Cost Detail <br> Location | Fees | Explanation |
| :--- | :--- | :--- | :--- |
| Prepare, submit and track <br> construction permitting <br> and applications | Professional <br> Services <br> Consulting <br> --Permit <br>  <br> Filing | $\$ 262,304$ | While the project resides mostly on <br> aerial power poles owned by the <br> utlity, the build-out must submit the <br> correct application, loading <br> calculations and attachment details. <br> Permits will be required for the <br> underground sections of the build, <br> County, Cities and Canal/waterways. |
| Business and Operation <br> Integration | Professional <br> Services <br> Consulting <br> - Business Plan <br> Preparation <br> - Operations <br> Implentation | $\$ 374,700$ | Prepare the final business operational <br> plan, service offering for LAN <br> extensions, FTTx services, over the <br> top services and launch the <br> operational team for activation of <br> wholesale services with the retail <br> providers. |
| Service Provider <br> Provisioning Setup <br> Procedures and Web <br> interface Development | Professional <br> Services <br> Consulting <br> - System <br> Provisioning | $\$ 29,807$ | Coordination of service provisioning <br> procedures between the Utility and <br> the retail provider. Final development <br> of a web interface for active customer <br> information and trouble ticket <br> support. |

## Total Calculation - Other architectural and engineering fees

| Total Calc ulation | $\$ 666,811$ |
| :---: | :---: |
| Total Matching Funds Cash | $\$ 133,362$ |

| Federal Funding Request | $\$ 533,449$ |
| :---: | :---: |

The total cash matching funds for this task is based on $20 \%$ of the total cost.

## 6. Project inspection fees

Project inspection fees are included in Section 9 "Construction".

## 7. Site work

All site work is contained in section 2 of the "Land, structure, rights-of-way, appraisals, etc.".

## 8. Demolition and removal

The application does not include or require any demolition and removal.

## 9. Construction

| Construction Items | Cost Detail Location | Estimated Fees | Performed by | Proposed Services |
| :---: | :---: | :---: | :---: | :---: |
| Cable | Outside Plant Cables <br> - Fiber Material <br> - Fiber Install <br> - Warning Tape <br> - Locate Wire | \$7,592,871 | Construction Contract \#1 | Installation of all fiber optic Cable both Aerial and Underground. Placement of locate Wire and locate tape. |
| Conduits | Outside Plant Conduits <br> - 1.25 Inch (1,2 \& upto 4) <br> - Bore \& Trench <br> - Glue <br> - Couplers <br> - Restoration | \$8,856,159 | Construction Contract \#1 | Installation of required conduits, couplers and sweeps ~ Trenching, Boring or pushing. |
| Ducts / Vaults | Outside Plant <br> Ducts <br> - Handholes (Sm <br> \& Lg) <br> - Handhole Sealer <br> - Handhole <br> Restoration | \$1,209,178 | Construction Contract \#1 | Installation of various sized handholes and access points throughout the build. |
| Poles | Outside Plant Poles | \$2,130,402 | Cosntruction Contract \#1 | Installation of new poles or replacement of |

|  | - New Poles \& Replacements <br> - Aerial Hardware <br> - Aerial Strand Install Material <br> - Make Ready |  |  | existing poles based on the engineering and make ready. Lateral aerial hardware attachment, risers and endend hardware. |
| :---: | :---: | :---: | :---: | :---: |
| River Crossings | Outside Plant Other <br> - River Crossings | \$49,400 | Construction Contract \#1 | Installation of hi-tension, long span aerial hardware and fiber cable at four existing river crossings, below the power distribution lines. |
| Fiber Cases, Fiber Splicing, Fiber testing and Tagging | Outside Plant Other <br> - Splicing <br> - Testing <br> - Trays \& Casings <br> - Fiber Tags | \$3,480,642 | Construction Contract \#2 | Fiber Optic splice case placement, prep and cable entry. Fiber Optic Termination Splicing, OTDR Testing and Cable color coding and Fiber Count Tagging. |
| Mircrowave <br> Equipment Installation | Outside Plant <br> Towers <br> - Microwave Install | \$10,000 | Construction Contract \#3 | Placement, alignment, testing and provisioning of the microwave equipment. |
| In-Kind - Comm - General | Outside Plant Other <br> -In-Kind - Comm <br> - General | $\begin{aligned} & \$ 29,470 \\ & \text { (In-Kind) } \end{aligned}$ | POPUD | In-Kind Contribuion: Refer to file: CNS In Kind Allocation v8 03-19-10 JBO |
| In-Kind - Comm Fiber Optic | Outside Plant Other <br> -In-Kind - Comm <br> - Fiber Optic | $\begin{gathered} \$ 1,618,441 \\ \text { (In-Kind) } \end{gathered}$ | POPUD | In-Kind Contribuion: Refer to file: CNS In Kind Allocation v8 03-19-10 JBO |
| In-Kind - Comm. Fleet | Oustide Plant Other -In-Kind Comm Fleet | $\begin{aligned} & \$ 99,628 \\ & \text { (In-Kind) } \end{aligned}$ | POPUD | In-Kind Contribuion: Refer to file: CNS In Kind Allocation v8 03-19-10 JBO |
| Internal Staff Technician 1 | Outside Plant Other <br> -Internal Staff Technician 1 | $\begin{aligned} & \$ 429,749 \\ & \text { (In-Kind) } \end{aligned}$ | POPUD | Full time OSP employee. In-Kind Contribuion: Refer to file: CNS In Kind Allocation v8 03-19-10 JBO |

## Total Calculation - Construction1

| Total Calculation | $\$ 25,505,940$ |
| :---: | :---: |
| Total Matching Funds Cash | $\$ 3,260,980$ |
| Total In-Kind Match | $\$ 2,177,288$ |
| Federal Funding Request | $\$ 20,404,752$ |

The total cash and In-Kind matching funds for this task is based on $20 \%$ of the total cost.

The Utility will be contracting the construction work based on key areas of epertise or experience, managing the following agreements to complete the build-out:

- Construction Contract \#1 - Outside Plant Construction both aerial and underground
- Construction Contract \#2 - Fiber Optic Termination, Splicing, Cable Tagging, Testing and final Documentation.
- Construction Contract \#3 - Placement of the redundant Mircowave equipment at the Bare Mountain Substation Tower Location.

## 10. Equipment

| Inspection Tasks | Cost Detail Location | Unit Cost |  | Total Cost | Purchase <br> / Leased |
| :---: | :---: | :---: | :---: | :---: | :---: |
| Switch Equipment Cisco 3750G-12 | Network \& Access <br> Equipment <br> Switching <br> - Cisco 3750 12G <br> Switch | \$15,000 | 21 | \$315,000 | Purchased |
| Access Distribution Switch | Network \& Access Equipment Switching <br> - Access Distribution Switch | \$6,000 | 21 | \$126,000 | Purchase |
| VPN Equipment | Network \& Access Equipment Routing <br> - VPN Cards | \$7,000 | 1 | \$7,000 | Purchase |
| POP \& VPOP 10G Transport Equipment Cisco 6509 | Network \& Access <br> Equipment <br> Transport <br> - Cisco 6509 | \$75,000 | 2 | \$150,000 | Purchase |
| POP \& VPOP 10G Transport Cards Cisco 6509 | Network \& Access <br> Equipment <br> Transport <br> - Cisco 6509 Cards | \$25,000 | 2 | \$50,000 | Purchase |
| Microwave Equipment Dragonwave 100 Mbps Point to Point Circuit | Network \& Access <br> Equipment <br> Transport <br> - Microwave Equipment | \$65,000 | 1 | \$65,000 | Purchase |
| Equipment Fiber Pigtails <br> (5) Site Locations Transport | Network \& Access Equipment Other <br> - Contact (Pigtails) | \$200 | 5 | \$1,000 | Purchase |
| Equipment fiber Pigtails <br> (3) Fiber to the Premise Areas | Network \& Access <br> Equipment <br> Other <br> - Contact (Pigtails) | \$1,536 | 3 | \$4,608 | Purchase |

|  | Customer Premise Equipment Modems <br> - CPE/Switch / Router | \$250 | 938 | \$234,500 | Purchase |
| :---: | :---: | :---: | :---: | :---: | :---: |
| Universal Power Supply (UPS) | Customer Premise Equipment Other <br> - Universal Power Supply | \$40 | 938 | \$37,520 | Purchase |
| External Premise Enclosure | Customer Premise Equipment Other <br> - External Enclosure | \$30 | 938 | \$28,140 | Purchase |
| Field Alarm Equipment Huts and Serving Area Cabinets | Billing Support and Operations Support Systems Other Support - Field Hut Alarm System | \$2000 | 21 | \$42,000 | Purchase |
| Video / IP POP Facility Equipment | Testing Network Elements <br> - Video / IP Equipment | \$35,000 | 1 | \$35,000 | Purchase |
| Management Equipment Servers | Testing <br> Servers / Computers <br> - Management System <br> (Optical) | \$4,000 | 2 | \$8,000 | Purchase |
| In-Kind Equipment | Network \& Access Equipment <br> - In-Kind - Comm Electronics | \$79,549 | 1 | \$79,549 | In-Kind |

## Purpose:

> Cisco 3750G-12 will be placed at each serving area cabinet to provide the connectivity/transport to the either the POP or VPOP (Virtual Point of Presents). This will be required at all cabinet locations, will be both a Layer 1, 2 \& 3 redundant circuit for the services offered to the Fiber to the premise network.
> Access Distribution Switch will be placed at each serving area cabinet which will provided connectivity to the customer premise edge equipment through the fiber, course wave single fiber solution.
> VPN equipment provided a secure outside connetion to the network for network management, Network Operations Center Support (NOC) and emergancy support services.
> Cisco 6509 Equipment and Cards will be placed at the POP and VPOP to create a 10G ring network.
> Microwave Equipment will be used to create a redundant 24 mile licensed DragonWave 11GHz 100 Mbps circuit routing traffic out of the County to the NoaNet Hut located at Bell Substation.
> Fiber Pigtail will be required to interconnect equipment at various locations, the Huts (POP's and VPOP's) and at the serving area equipment cabinets.
> DRG Customer Equipment, UPS and Enclosure will be used to provide services across the fiber to the premise network, act as the gateway to the customer for the service provider. The
application listed 906 or $15 \%$ of the units for take rate. The remaining cost to connect additional customer beyond th $\mathbf{9 0 6}$ or $\mathbf{1 5 \%}$ will be capitlized through revenues.
> Field Alarm Equipment will be placed at the POP's, VPOP's and serving area cabinets for contacts as alarms from various pieces of equipment, identifing alarms and issue back to the NOC.
> Video/IP Facility Equipment will be housed at the POP, analyzing the traffic across the network, providing valuable data for continued monitoring, adjustments and help provision the network.
> Management Equipment Servers will act as the management warehouse for the provisioning software, web interface to the service provider, GIS Mapping database and trouble ticket management software.

Total Calculation - Equipment

| Total Calculation | $\mathbf{\$ 1 , 1 8 3 , 3 1 7}$ |
| :---: | :---: |
| Total Matching Funds Cash | $\$ 157,114$ |
| Total Matching In-Kind Funds | $\$ 79,549$ |
| Federal Funding Request | $\$ 946,654$ |

The total cash and In-Kind matching funds for this task is based on $20 \%$ of the total cost.

## 11. Miscellaneous

| Misc Item | Fees | Explanation |
| :---: | :---: | :---: |
| Construction Labor \& Material Sales Tax | \$1,935,956 | Total procurement taxes are based on the cost of materials and labor purchased and installed in Pend Oreille County, WA at 7.60\% rate. District requires sales tax for both labor and materials be shown separately on contract documents as a separate line item on invoice(s) per Washington State Department of Revenue requirements. |

## Total Calculation - Miscellaneous

| Total Calculation | $\$ 1,935,956$ |
| :---: | :---: |
| Total Matching Funds Cash | $\$ 387,190$ |
| Federal Funding Request | $\$ 1,548,766$ |

The total cash matching funds for this task is based on $20 \%$ of the total cost.

## Addendum

Although the Utility has not included specific allocations for indirect costs and is not seeking funding of those costs through the BTOP grant, the extent of the Applicant's contributions on both indirect costs and in-kind contributions are noteworthy with respect to the Utility's existing operational strength and its commitment to the sustainability of the project. The following are some of the significant "assets" that the Utility brings to the project:

- Existing Fiber Network from Spokane to the Canadian Border through Pend Oreille County
- Use of existing fibers to transport serving area cabinet switch traffic to the POP \& VPOP
- Use of the existing fiber to create a redundant self healing fiber ring through the County, known as the "East Ring Section"
- Use of the existing equipment to establish the "East Ring Section" of a 10G ring through the County
- Use of existing operations staff to continue supporting the communications, service providers and critical communications for the utility
- Use of existing construction staff for new services activation, emergency outage response and continued maintenance of the system
- Existing "Open Access" service providers on-net, with established relations, billing and coordination as a wholesale entity.
